

SILVERMONT CONSULTING GROUP

Deal Origination & Capital Markets Support for Funds, Sponsors & Advisors

Silvermont provides outsourced deal-execution support — capital market data tracking, fundraise materials, and virtual data room management — for funds, sponsors, and advisors who need deal-ready documentation without adding headcount to the deal team. Engagements can be delivered white-label under your own name.

What You Get

- **Investment memos and investor decks** — thesis, structure, and returns narrative built to institutional pitch standard
- **Term sheet drafting support** — key terms, structure, and covenants framed for negotiation-ready review
- **VDR creation and maintenance** — structured, indexed data rooms kept current through diligence
- **Capital market data tracking** — comparable transactions, pricing benchmarks, and liquidity event monitoring to support origination
- **White-label delivery available** — work is invisible to your counterparties and end investors

Why Silvermont

- Direct experience inside a CEO's office sourcing and tracking ₹30,000+ Cr (~\$3.5B) in liquidity events across IPOs, M&A, and secondary transactions
- Track record supporting ₹2,000+ Cr (~\$230M) in AUM generation through deal sourcing, pipeline management, and business development support
- Hands-on execution of ~₹500 Cr (~\$60M) in blended capital raises — NCD, private debt, and term loans — managing the full lifecycle from VDR build-out through disbursement
- Comfortable operating at the pace and confidentiality standard deal teams require, from first data room to signed term sheet

See the Work

A sample deal support package — investment memo structure, term sheet outline, and VDR index — is available on request. Get in touch to discuss your specific deal support needs.

Let's talk about your coverage needs.
